

*While you were out serving  
your passengers...*

*...Provimar has changed its name  
to EMS Ship Supply*

*We are no longer the same company...  
We are better!*

The service systems required to keep your passengers comfortable are as complex on shore as on board your ship. In order to make ourselves a stronger partner to help you stay on top of your business, we have joined EMS Ship Supply, the biggest ship supply company in the world. In this way we are now able to strengthen our supply lines with higher volumes and more buying power. The sophisticated logistics we have always been known for can now be applied to new shores.

Welcome to port. We remain the same skilled and dedicated people but we are no longer the same company... We are better.

*Join the wave*
